

Domain Checklist

Quest 2 • Claim your domain name • +40 XP • Page 1 of 2

Say it out loud

- ☐ Passes the radio test - a stranger can spell it after hearing it once.
- ☐ No hyphens, no numbers, no clever misspellings you must explain.
- ☐ Under twelve characters if you can manage it.

Check before you fall in love

- ☐ The .com is free, or the alternative TLD will not confuse anyone.
- ☐ Social handles are available (or close enough).
- ☐ Nothing embarrassing appears when the words run together.

Common traps

Page 2 of 2

- [] Trademark collision - search before you buy.
- [] Meaning check in the languages your community speaks.
- [] Auto-renew is ON and the registrar email is one you actually read.

When in doubt

Pick the boring, spellable name. The garden remembers projects, not clever domains.
